

Q
QUETZAL®

Quetzal is a subsidiary of Tammex, a Mexican third generation-owned enterprise that has been manufacturing kitchens and furniture for nearly 70 years.

Today we are proud to maintain our lead in the design and manufacture of kitchens in Mexico.

We continuously strive for innovation and quality in every detail, taking great interest in the choice and processing of the materials we use. All our products combine world-sourced hardware and accessories, with the added value of being manufactured in one of the biggest, most cutting-edge plants in Latin America, located in Mexico City. Our factory is supported by state-of-the-art technology and machinery imported from Italy and Germany and covering an area of over 300,000 square feet.

This installed capacity enables us to deliver a wide range of hard to match products with excellence in service bringing integrity, reliability as well as attractive advantages in turnaround times, delivery and flexible designs.

Let us show you the kind of kitchen we can create for you.
